

The Source for Foundation Females

THE 9TH ANNUAL HERD BUILDER BRAUNVIEH FEMALE SALE

Saturday, November 5, 2011 • 1 p.m.

Mid-Missouri Livestock Center
Marshall Junction, Missouri

The Source for Foundation Females

THE 9TH ANNUAL HERD BUILDER BRAUNVIEH FEMALE SALE

To our Cattlemen Friends and Braunvieh Enthusiasts,
The Herd Builder Group and our Guest Partners believe you will be very impressed with the offering we are bringing this year in the 9th Annual Herd Builder Sale.

We have a broad selection of open heifers and show prospects, bred heifers, bred cows and cow-calf pairs. There are fullbloods, purebreds and percentage Beef Builder cattle to fit your individual programs. These are the same kind of females that we have producing in our own herds, and we have confidence they will produce for you.

Braunvieh cattle are unequalled for combining maternal and carcass traits. Bottom line, that's really what we all should demand from our genetics. We live with our cow's maternal strengths or shortcomings, and our customer, the beef eating people of this country must be satisfied with our end product for us to stay in business.

Please come on Friday afternoon or early Saturday morning to view the cattle and join us for a complimentary pre-sale lunch. We look forward to sharing a conversation and our cattle with you. If you are unable to attend, please contact sale consultant Jason Bates or any of the consignors about the cattle. Information on the conference call for phone bidding is listed on the following page.

Thank You,
The Braunvieh Herd Builder Group

**Saturday,
Nov. 5, 2011**

1 p.m.

**Mid-Missouri
Livestock Center,
Marshall, Missouri**

The sale facility is located 1 mile south of the intersection of I-70 and Hwy 65. This is approximately 60 miles east of Kansas City.

**GPS address
for the sale facility:
10774 S. Saline 65 Hwy
Houstonia, MO 65333**

The Herd Builder Sale Cattle will be on display at the sale facility Friday, Nov. 4. Come early, look through the cattle and enjoy a visit with us about our Herd Builder programs. We look forward to seeing you at Marshall.

Sale Information

Braunvieh EPDs: Braunvieh EPDs were recently recalculated on a multi-breed base, so current EPDs in this catalog are not comparable to other Braunvieh EPDs released prior to Sept. 30, 2011. EPDs are recalculated throughout the year by the Braunvieh Association of America, which

means the figures represented in this book may change for these animals in the future.

Breed Average EPDs for Calves born after Jan. 1, 2009:

CED	BW	WW	YW	CEM	MM	M&G
-1.10	2.7	39.7	62.2	-1.35	33.0	52.9

Sale Day Conference Line for Bidding

If you are unable to attend the sale, you may call the conference call line to listen to the auction and place bids. **Please call Jason Bates at (417) 616-9000 at least 1 hour prior to the sale** to register to bid and obtain the conference call phone number, access code and a buyer number. The conference call line will open 10 minutes prior to the sale start and remain open during the entire sale.

Terms & Conditions

Terms of the sale are cash or check with proper I.D., and settlement must be made sale day and/or before anything is loaded or leaves the sale facility. Every lot will be sold to the highest bidder, with the auctioneer settling any bidding disputes. Announced changes in catalog information sale day will take precedence over printed material in the catalog.

Registrations and Transfers

A certificate of registry and transfer will

be furnished for each animal at no cost to the buyer within 45 days after settlement of animals purchased.

Delivery We will assist buyers in arranging shipment of purchases.

Health All cattle will have proper health certificates for shipment.

Insurance

All animals become the property of the purchaser and will be at purchaser's risk at the time of sale. Insurance will be available should buyers wish to purchase it.

Liability

All persons attending this sale and related functions do so at their own risk. Jason Bates, the sale consignors and Mid-Missouri Livestock Center assume no liability, legal or otherwise, for any accidents that may occur.

Air Transportation

Major airlines have regular service into Kansas City, Mo. KCI is approximately 100 miles.

Absentee Bids

If you wish to make purchases but are unable to attend this sale, please contact the owners or Jason Bates.

Herd Builder Genetic Defect Guarantee

The Herd Builder Partners and Guests guarantee the cattle sold to be free of known Genetic Defects as outlined in the Braunvieh Association of America Rules and Regulations. If an animal sold in this sale is found to have a genetic defect, it will be the responsibility of the seller of that animal to satisfy the buyer with a refund or replacement. Buyer must contact seller within 12 months from the sale date to implement the guarantee.

Braunvieh Performance Information & EPDs

Birth wt. – Actual birth weights are given. Ratios that are below 100 indicate calves that weighed below the average of the contemporary group and ratios above 100 weighed more than the average of the contemporary group.

Weaning wt. – 205-day adjusted weaning weights are listed. If not available, actual weight and the date weighed is given.

CED EPD – Predicts the ease with which the progeny of the individual should be born. A positive number indicates easier calving.

BW EPD – A higher number indicates heavier birth wt.

WW EPD – A higher number indicates heavier weaning wt.

YW EPD – A higher number indicates heavier yearling wt.

CEM EPD – Indicates the ability of a sire's daughters to have a calf at two years of age. Higher or positive numbers indicate easier calving for the daughter of the individual.

MM EPD – The part of weaning weight that is due to the dam's milking ability. A higher number indicates more milk.

M&G EPD – Reflects growth to weaning age plus milking production to weaning time and is calculated by adding 1/2 of WW + MM = M&G.

Breed Average EPDs for Braunvieh Calves born after Jan. 1, 2009:

CEM	BW	WW	YW	CEM	MM	M&G
-1.10	2.7	39.7	62.2	-1.35	33.0	52.9
